WELCOME

Dear New Student,

We would like to take the opportunity to welcome you to the University of Rhode Island. We hope this publication will help answer some of your questions about the University as well as give you some ideas about what life is like at URI.

Included are several pages about Greek life. As members of the Greek system, we would like to encourage you to explore fraternity and sorority living as a possible alternative.

This publication contains some information about what campus organizations and activities are open to you at the University. It is worth your while to become involved in these organizations because they provide excellent leadership opportunities and could use your help.

Finally, we would like to wish you luck in becoming acquainted with the University. Make the most of your college years and make every day count. Good luck.

Sincerely,

Jennifer Palermo

Todd Prigozen

You've Finally Made It

As you become a member of the Freshmen Class you are entering one of the most exciting and "scariest" times of your life.

- "I'm finally on my own."
- "I'm my own boss."
- "Nobody is going to tell me what to do."
- "Can I handle this new freedom?"
- "Will I get lost in the shuffle?"
- "Will I be around next year to call myself a sophomore?"

These and many more questions must be invading your thoughts as you make the big leap into college.

At this early point in your college life you are probably thinking that the exciting and good times apply to me and that the scary aspects only apply to "that kid that I saw during orientation that was alone and looking lost". Unfortunately, most freshmen experience some days that make them question the wisdom of their choice.

- "I could have stayed at home and gotten a job."
- "I surely miss my boyfriend/girlfriend."
- "These courses are a lot tougher than in high school."

You are fortunate to have chosen a school that can provide you with the excitement that you anticipate and the "friendly faces" to minimize the scary times.

Get started on the right foot and next year at this time you can be telling the bewildered-looking freshmen how you survived the first-year to now call yourself a sophomore.

Over 100 Years of Excellence

The University of Rhode Island is a co-educational, state-assisted institution. It is one of the original land grant colleges and in 1971 became one of the first four sea grant colleges in the country. It is located in the village of Kingston in South County, 20 miles south of Providence and just 6 miles from the ocean. The University's main campus encompasses 1200 acres off R.I. Route 138. The center of the campus is a quadrangle surrounded by beautiful granite buildings that comprise the original campus. Academic buildings, residence halls, fraternities and sororities are all within walking distance. Just below these areas, are the gyms, the athletic fields, tennis courts and a freshwater pond. Greenhouses, dairy barns, and agricultural experiment areas are also nearby. The University is also responsible for the maintenance of two other campuses. The Bay Campus in Narragansett, R.I. and the W. Alton Jones Campus in West Greenwich, R.I.

The University consists of eight Colleges: Arts and Sciences, Business, Engineering, Human Services and Sciences, Nursing, Pharmacy, Resource Development, and the University College. There are over 1000 faculty and staff members serving students in URI's academic and business departments. Graduate programs exist in many Colleges, including the internationally known Graduate School of Oceanography.

URI was originally established as a state agricultural school on March 23, 1888. It became a state College in 1892, and was officially named Rhode Island State College in 1909. On March 23, 1951, the Rhode Island State College was granted University status by the state legislature, and the University of Rhode Island has continued to grow since then. The land the University is presently situated on was once the farm of Oliver Watson. The restored, colonial Watson farmhouse, still standing today, is in the heart of the campus, on Alumni Avenue surrounded by Tucker Hall, the University Library and Phi Gamma Delta Fraternity.

Fraternities

Becoming a member of a fraternity can be a great college experience. No other group at this university can offer you the brotherhood, interfraternal camaraderie, and social activities that a fraternity can.

Fraternity members are highly visible on campus and that is due to the opportunity for campus and community involvement that Greek life provides. A good percentage of the student leader positions are held by Greeks. Many local, regional and national charities have benefited from the thousands of dollars and man hours that are donated by our chapters. Joining a fraternity is a life commitment. Greek alumni always have a place to call home, and college men to call brothers. Alumni brothers are regularly informed of IFC and chapter events through financial support to the chapter. Presidents, senators, successful businessmen and celebrities have said that being Greek gave them the leadership qualities and confidence to succeed.

The Greek life has been beneficial to many people. They chose to become of the opportunity to meet and socialize with others who had similar interests, to improve academic progress, and to develop lasting friendships. Through IFC Rush, you have the opportunity to make that same choice. Best of luck in finding the fraternity that's right for you!

Sororities

A sorority is a home away from home: a group of women who make your adjustment to college life a little easier. Sisterhood, beginning the day you become a pledge, is a term that is difficult to explain yet is the basis of every sorority. Sisterhood results from sharing dreams, goals, laughter and tears. Sisterhood provides you with lasting friendships and memories that will enrich your college years and which you will cherish many years to follow.

Along with sisterhood come other very important elements of sorority life, such as scholarship and leadership. Sorority women stress the importance of academic achievement through various scholarship programs. As a pledge you are encouraged to study with others in the same major so that the more experienced women can help if you have a problem. Chapter scholarship awards are also part of this picture.

Sorority members may accept membership on various committees within the sorority as well as others on campus. Members are encouraged to assume leadership of committees by serving as chapter officers. Sororities work together on charity projects as well as community and campus affairs to increase school spirit as well as increase student participation in all campus affairs.

We can't stop there . . . other important elements of sorority life include sporting and social events. Intramurals between sororities provide friendly competition among the women. Flag football, volleyball, soccer and basketball are just a few! Remember . . . anyone can play. Sororities are involved in social events such as formals, Greek Week and banquets just to get you started but there are many more!

I hope that you have begun to get an idea of what sorority life is all about. Rush Week will give you the opportunity to view all of the sororities . . . ask questions! Whatever sorority you choose as your home the friendships you form will be strong and lasting and will build memories you'll cherish a lifetime.

What Is Rush?

Formal rush for both men and women is a time for rushees and initiated members to get to know each other better through a series of carefully planned "parties." After Rush has been completed and bids have been extended, you will begin pledging/associating with the fraternity or sorority of your choice.

It is important to come to Rush with an open mind and to give each chapter equal consideration. Be yourself! Rush is a mutual selection process, so remember as you evaluate each chapter, they will evaluate you. Do not let other's opinions make the decision for you, but go with your own feelings, for the decision will affect the rest of your college years.

You may wonder what qualities Greek organizations look for in an individual. Completing a rush application will give you an idea of these qualities. Personality and interest are also important, but so is academics, since it is the main reason you are attending college.

Always be sure to ask questions. If you have any questions pertaining to rush, financial matters, or social activities, ask someone to clear up these points for you!

Another important point to consider is finances. Careful consideration should be given to your financial situation before making any obligations.

Even though a rushee is not obligated to pledge/associate at the end of rush, we ask you to look carefully at Greek life as it is a way for you to meet the Greeks and to find out about the opportunities we have to offer. Like it . . . We love it! Go Greek!
